## HOME ENERGY WORKSHOPS

In September, attend ANY or ALL sessions of this series presented by Rick Bayless of Conservation Pros.

**7:00-8:00 PM**

**Patton Auditorium**

**Blue Ridge Community College Hendersonville NC**

**(1) Home Heat Loss:**

**Losing it in your ceiling & attic.**

Monday Sept. 13

**(2) The Heat/Cool/Duct System:**

**Put your home's energy hog on a diet.**

Monday Sept. 20 – This session has been moved to September 27. Its content will be INCLUDED in the September 27 presentation described below.

**(3) Cold and Mold from Below:**

**The moisture and cold crisis in your crawl space / basement / garage.**

Monday Sept. 27

**Learn** the most basic yet least-discussed ways to save energy at home:

- Measures you can easily implement to reduce your home's energy use.
- How to stay out of indoor air quality trouble as you go along.
- Answers to your energy and air quality questions in each session.
